ABOUT ME

I'm Juan José Jiménez González, a computer science student at the Universidad de Málaga. Since a young age, I've been involved in the world of game development, and now I am currently developing some personal project while completing my degree.

I have a grade point average of 7.94 out of 10 in my academic record and recived honors in 3 subjects. I have participated in game jams and in university programming contests.

Besides games, I have interest in films, books and sports.
